

The image shows a grid-based table or spreadsheet. The top part features a header row highlighted in pink, spanning the first 50 columns. Below this is a large grid of 50 columns and many rows. A horizontal blue line is drawn across the grid at approximately the 25th row. To the right of the main 50-column grid, there is an additional section consisting of a single row of empty grid cells, extending to the right edge of the page. A horizontal dashed line is positioned below the pink header, starting from the right side of the main grid and extending further to the right.
